Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

I believe we need more artificial  
fields because of the growing number  
of people playing hockey. They also  
will be useful so we can have  
more tournaments here in Christchurch.  
The action that should take place  
is placing 2 more turfs down in  
Christchurch to make it a more  
outgoing, growing sport.

Please continue on reverse side if further space is required.

Thank you for making this submission.
