Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The maintenance of the grass
fields is more expensive
than artificial turfs.

No room for new teams &
having to play on grass
during winter only turns
children away to play other
sports or do nothing which is
not great for the community.

Please continue on reverse side if further space is required.

Thank you for making this submission.
