Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Additional water turfs should be created
as to allow more training slots and game
slots. ~~Some teams are having to~~ Some clubs
can not have/create new teams as
there is no time for them to train.

Please continue on reverse side if further space is required.

Thank you for making this submission.
