**Email Address for copy of submission:**

**Date:**

16 April 2009

**Your Submission:**

Providing financial support of the Rawhiti Community Sport group proposal to build a joint facility on Rawhiti Domain for all Sports group, and extended use for the wider community.

The establishment of such a building is vital to ensure the survival of many sports organisations based at Rawhiti Domain, who as entities with separate facilities, are unlikely to survive in the short to medium term.

This Sportville concept is the way of the future, and is supported by SPARC, Sport Canterbury and National Government as endorsed by local list MP Aaron Gilmore . The added benefit for the CCC will be a reduction of buildings on the Reserve once established.
