Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

With the number of players now playing  
2 turfs dont give the oppertunity for the  
player to improve their game and also  
less time for practices.

Please continue on reverse side if further space is required.

Thank you for making this submission.
