Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

We need more fields so that we don't  
train at 10pm at night in the middle of  
winter and so games do not to be  
on when turfs have ice on them.

The council should fund another turf so  
that hockey can grow in Canterbury  
because its currently at its saturation  
point.

Please continue on reverse side if further space is required.

Thank you for making this submission.
