Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

We most definitely need more turf.
The players have to play early morning
and late evening so they can get
through their games. If they had more
turf. it would help get through their
games at a more respectable time.
Hockey has grown so much over the last
few years. Imagine what it could be.

Please continue on reverse side if further space is required.

Thank you for making this submission.
