Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Have been following daughters team since she was 5 (now 12). Amazing commitment from parents and kids. Great participation levels. Would like to see more money given to growth of sport especially in South of City. Would like to see "fundars" turning up at 7.30 on a Saturday morning to watch kids play.

Please continue on reverse side if further space is required.

Thank you for making this submission.
