Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Christchurch has very few turfs  
in comparison to Auckland, Wellington  
Hamilton. The number of players  
in our region is similar or more  
to these cities. It is very difficult  
to get access to turf facilities as  
a result our children play on grass.  
This unfortunately does not allow them  
the opportunity as other cities have  
to develop the appropriate skills.

Please continue on reverse side if further space is required.

Thank you for making this submission.
