Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

there is insufficient turf for the numbers
currently playing hockey, and no allowance
for growing numbers.
Kids as young as 12 are having to practise
at 8pm to get turf to practise on.
The council needs to plan for additional
turf now & the next 10 years.
We continue to lose players & tournaments to
other centres.

Please continue on reverse side if further space is required.

Thank you for making this submission.
