Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey is a very popular sport for getting kids active and healthy. At the moment there is already a shortage of hockey turfs to cater for the demand. There definitely needs to be more hockey turfs provided by the council in Christchurch.

Do you expect kids to start their games at 6.00am on frosty mornings under lights just so they can play a game of hockey.

Please continue on reverse side if further space is required.

Thank you for making this submission.
