Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Turf's are already lacking to be played
by clubs & within cantobery so assisting
those where possible would help provide
the spors part on the turfs for
trainings & game correctly

Please continue on reverse side if further space is required.
