Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

New fields required to accommodate the # of players  
If the council can provide more grounds, we can help the young  
people develop their ~~interests~~ interests, build better skills, fitness, we  
can then also support more national /older games to increase  
the appeal /demand for Christchurch.

Please continue on reverse side if further space is required.

Thank you for making this submission.
