Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

1. Fund the construction of additional artificial turfs
2. There are insufficient grounds to meet demand
- The existing and proposed turfs are highly utilised in all weather, and provide the opportunity for play when other sports cannot due to weather
 - To maintain Canterbury position as strong hockey province that will without resources be compromised
 - To increase children participation in sport

Please continue on reverse side if further space is required.
