Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey in Canterbury has been growing for a number of years. We still have 3 turfs in Canterbury, which we have had for a number of years. With kids having to practice as early as 8am and some having to finish as late as 10pm due to lack of turf time. This should be addressed by the council to help Canterbury Hockey succeed.

Please continue on reverse side if further space is required.

Thank you for making this submission.
