Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

- Currently not enough artificial turfs for all those juniors who wish to play hockey
- Keep those playing the sport in it longer because of the ability to play at reasonable times
- Proven that ~~sp~~ sport keeps children out of the court system & out of trouble
- Council to provide funding / land or both for the new artificial fields.

Please continue on reverse side if further space is required.

Thank you for making this submission.
