Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The existing turf space is insufficient to cater for the growing membership of Club Hockey clubs I think the CCC should provide ongoing funding for the provision of new turfs now and in the future as the sport continues to grow in strength skill and membership. CCC is known for being supportive of sports and recreation and it would be excellent if they could come to the party on one of the most exciting sports

Please continue on reverse side if further space is required.
