Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The limited number of hockey turfs in
Christchurch means that Junior hockey teams
have to practice and play games in the evening
and very early in the morning. The sport in
Canterbury is severely limited by the availability
of artificial turfs for practice and games.
The city council must reconsider its LTCCP
and allocate more funding to the provision of
new hockey grounds.

Please continue on reverse side if further space is required.

Thank you for making this submission.
