Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The existing 3 turfs are in use from early morning  
until late at night, with training and games, but many  
teams have difficulty obtaining turf time for training.  
Therefore, additional artificial turfs are required to  
permit adequate access to turf for all teams, clubs and  
schools to further develop hockey in Christchurch, as  
the existing number of turfs is limiting the number  
of teams and ~~ply~~ players able to take part.

Please continue on reverse side if further space is required.

Thank you for making this submission.
