Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey has an increasing numbers of players and the number of fields to play on are limited so that it is difficult to fit in competitions in a reasonable time, children playing in the dark 1st thing in winter morning, over the next 10 years more people will continue to take this sport up & we will ~~be~~ have an ever increasing problem of scheduling for the teams.

Please continue on reverse side if further space is required.

Thank you for making this submission.
