Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

There are simply not enough fields to accommodate the fabulously large number of hockey players in Christchurch

Having our kids involved in sport keeps them active and helps alleviate the city's problems with inactive youth.

The fields get used in all weather unlike rugby fields where the weather can stop many games/practises during the season.

Please continue on reverse side if further space is required.

during the season.

Thank you for making this submission.
