Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey needs the extra turfs  
for growth in the game.  
There are not enough fields now  
to support the teams already.  
The use of new turf is a better  
option than grass. ie. look at  
the disrupted Rugby Season last  
year due to wet fields.  
New turfs please!

Please continue on reverse side if further space is required.

Thank you for making this submission.
