Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Due to lack of artificial turf
my daughter (12 yrs old) has
to play most of her hockey
games on council grass.
It is hopeless trying to teach
skills to these players. on this
surface. It is plainly too bumpy.

Please continue on reverse side if further space is required.

Thank you for making this submission.
