Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

As a parent of children who play  
hockey the hours games start  
in the day and finish are far too  
long. It is not good for school  
children playing at 8 in the morning  
or finishing at 9 at night. Another  
turf would help solve this. I  
strongly support another turf and  
feel the council should also support  
this and help with the cost or hockey  
Please continue on reverse side if further space is required. players will be  
lost.

Thank you for making this submission.
