Phone No (evening) Same.

Email (if applicable) \_\_\_\_\_

Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

I have been playing hockey for over 35 years. I have played grass and turf, and am still playing grass + turf. I now have children playing and trying to encourage them and other young player as I also take + help with primary + intermediate teams, is very difficult. Young players want to play turf. And want to practice on turf at reasonable times for children. At the present time there are not enough turfs for practice, some junior teams have to play grass + don't like it. Grass + turf are "different games." We also have to travel lots to get to turfs. The advancement of hockey would greatly benefit from more

Please continue on reverse side if further space is required. turf.

Thank you for making this submission.

Hockey is a fun, exciting game for players who don't like the traditional sports of Rugby + Soccer etc.
