Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

- To develop Canterbury hockey to a level where it is firmly established as the premier hockey province in New Zealand.
- To encourage children to get active by playing sport. Hockey can help through allowing children to play every weekend (no cancellations) on excellent grounds.
- The council needs to help fund this for the health of Canterbury's future generations.

Please continue on reverse side if further space is required.

Thank you for making this submission.
