Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The city desperately needs a new
hockey turf because there is just not enough
turf time for practises and the children are
having to practise late at night. Nunweek Park
is used 80-90 hrs. per week and a facility
like Porritt Park is needed in the north-west
of the city.

Please continue on reverse side if further space is required.

Thank you for making this submission.
