Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey is a quality game when played on an artificial surface - it attracts support, funds through advertising & sponsorship & therefore potential growth in numbers.

The social benefits of growing hockey as a sport for young people should be considered a priority for CCC - the sports community of chch.
