Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Christchurch is in short of artificial turfs
and need more room for people to
play hockey ~~on~~ so they don't get put
on grass and have more places
to practise and enjoy the sport we
love

Please continue on reverse side if further space is required.

Thank you for making this submission.
