Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

- Risk management with regard to weather (Rain) and grass strips
- Allow more reasonable scheduling of practice times (i.e. 6.45am in winter!)
- Improve the conditions for all hockey players to play and practice on - artificial turf is now the accepted "norm"

Please continue on reverse side if further space is required.

Thank you for making this submission.
