Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

It would provide more space for to have  
more trainings. I don't really think I need to  
say much more. The more quality turfs we  
have in Chch can only lead to good outcomes  
like better players. I definitely think the council  
should look at finding ideas to come up with  
some funding to provide Chch hockey players  
a better opportunity to extend their hockey  
skills.

Please continue on reverse side if further space is required.

Thank you for making this submission.
