Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

At the moment its hard to get turf time, so many
teams are only restricted to one practice a week or
resorting to 'lower quality' school turfs which are
a quarter size. More turfs would mean more of a quality
of hockey players coming from canterbury. With the
increased amount of interest towards hockey, it is necessary
to have more turfs. The hockey community is enlarging at
pace. It would be well utilized and not a waste
-widely appreciated!

Please continue on reverse side if further space is required.

Thank you for making this submission.
