Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

We need more fields - there are simply  
not enough. We have to play on grass,  
or use just a corner of the field for  
practices. There are more and more  
teams every year - we need more fields  
for them!

Please continue on reverse side if further space is required.

Thank you for making this submission.
