Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

3 fields not enough to meet  
competition and future needs of  
the Christchurch community.  
Request Council allocate funds for  
me rather than to other needs, rather  
than put money into expensive  
white elephants such as AMI  
Stadium.

Please continue on reverse side if further space is required.

Thank you for making this submission.
