

Christchurch City Council
Long-Term Community Council Plan
Submission

Please provide the personal details below or your submission will not be considered by Council

Your Name: Gerald Cummins
 Contact Address: 24 Thunycroft St. Chch
 Postcode 8054 Phone No (day) 027-552-3900
 Phone No (evening) 351-7259
 Email (if applicable) rg.cummins@xtra.co.nz

Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

① A second sand turf @ Nunneke

② A third water turf @ Porritt

- the lack of adequate full turf space is strangling
the growth and development of hockey in Canterbury - more
specifically Christchurch.

- the provision of an extra 2 turfs will mean that
there is not only space - but also suitable times - to
play turf hockey.

For a number of years now there has been
concern as to the decreasing number of boys

Please continue on reverse side if further space is required.

Thank you for making this submission.

participating in hockey; ~~the~~. If turf space was available for primary school hockey to be played on turf (6 or 8 a-side) on $\frac{1}{2}$ full turf then this would encourage boys that play rugby or soccer during the weekends to participate in school hockey during the week — the logical result of this would be that a number of boys would then make a decision to join a club for Saturday turf play, because they've been able to play + enjoy turf hockey mid-week with their schools.

There must be extra turf available for this to happen

Christchurch NEEDS 2 more
TURFS YESTERDAY !!
