Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

- There is not even space for all teams to get turf time for practice. This means some teams are having to practice @ 10pm on weeknights!
- Each Hockey ground has room for additional turfs.
- More turfs would mean more availability for practice times.
- We pay huge subs and its stupid to have to practice so late, making you tired for work etc.

Please continue on reverse side if further space is required.

Thank you for making this submission.
