Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

⇒ There is the public demand to rectify
the implementation of another field. To

last year was training from 9-10pm @ night →
which as a premier team number I think this
shows a lack of hockey facilities.

Action» get the plans underway ASAP.

Because with all the paperwork and time
from decision to turf on the ground
could be quite a while and the
public demand is here now & increasing.

Please continue on reverse side if further space is required.

Thank you for making this submission.
