Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

our existing fields are unable to  
accomodate the growth of hockey as a  
sport, as christchurch could be a main  
provenice for hockey and in turn generate  
visitors to our lovely city.

Please continue on reverse side if further space is required.

Thank you for making this submission.
