Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Young players, the future of hockey  
are not able to play on the artificial  
turf due to the limited no of turfs.  
New players are being turned away  
or teams being over normal numbers again  
because of limited turf availability so  
no growth options for Hockey
