Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey will struggle to survive  
with no best time or bad game  
times ~~that~~ due to not enough  
fields. Players are being turned  
off playing and competition  
will struggle. More pitches and  
favourable times will lead to  
strong press & press reserve comp's,  
which will get people back playing.

Please continue on reverse side if further space is required.

Thank you for making this submission.
