Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

There are not enough turfs ~~for~~  
to meet the needs of all the  
hockey's teams and teams  
are having to play late at night  
due to a lack of turfs. It  
would be much better for all players  
to be able to play on turf rather  
than some having to play on grass  
as is the case at present.

Please continue on reverse side if further space is required.

Thank you for making this submission.
