Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

My daughters both play hockey - The lack of artificial
fields means that games are weather dependent and often
slow on grass fields as winter usually mean longer grass
on fields.

We need at least two more facilities like Porrit Park
/ Dunweek Park to allow hockey to grow.

Please continue on reverse side if further space is required.

Thank you for making this submission.
