Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Canterbury hockey is, and has been for several years in desperate need of another artificial surface for its members. During the week training times are over subscribed with many teams having to train till 10pm, & juniors till 9pm midweek. One of the benefits to the CCC are less, or no, maintenance on grass fields. The CCC in its long term plan, needs to fund this new turf.

Please continue on reverse side if further space is required.

Thank you for making this submission.
