Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey is a growing sport - Insufficient fields at present to cope with training and games - leading to training sessions at obscenely early hours in winter and sometimes game times slattered to cope with demand on time.

Please continue on reverse side if further space is required.

Thank you for making this submission.
