 Email (if applicable) _____

Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The sport of Hockey is growing with many players moving into the city, particularly for university. Additional turfs will help keep them active and make Canterbury Hockey strong. More turf time is required as we currently practise at 9-10pm (quite late). The council should help the CFA to build a new turf.

WKamp.
