Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Their not enough top in canky which means
not enough game time, games to early,
training to late, game having to be played on
grass, More fields would allow for more players
and to make hockey stronger, and players would
be able to play 11 a side earlier.

Please continue on reverse side if further space is required.

Thank you for making this submission.
