Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Because I train 9pm-10pm and struggled to get time for the kids I coach. In 2 turf slots (2 hours) we have 13 jr teams to trainings to get through. The council needs to get funding for hockey turfs as its contwing to grow, its tight already and will only get worse.

Please continue on reverse side if further space is required.

Thank you for making this submission.
