Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey is a growing game. A number of schools  
have teams that play on grass midweek which  
is a poor substitute for developing the skills  
of the game.

The number of fields (turf) can't meet the  
demand of those playing

If turf is not available people won't play.

Please continue on reverse side if further space is required.

Thank you for making this submission.
