Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey practices and games are very hard to  
fit in for all the kids and adults wanting to play  
and consequently games happen and all sorts of  
inconvenient times and places.

Please continue on reverse side if further space is required.

Thank you for making this submission.
