<b>Your Submission:</b>	<p>Just spend money on basic things, stop building an empire.</p> <p>my rates at present are \$11,692, by 2019 they will have gone up 50% to over \$17,000, by 2029 \$26,000, that is if CCC sticks to forecast increases which is a guesstimate.</p> <p>please don't tell me how lucky i am that rates are so low, local govt is out of control in the areas in the community that it seems to want to involve itself in.</p> <p>If those who run CCC think that is sustainable longterm think again.</p> <p>Build roads and footpaths, take away rubbish, waste and stormwater, get the planning areas of CCC under control, sack most of the 200 I T people u have (a disgrace), just leave us to fund the other areas of our lives.</p>
